

ITUNA COMMUNITIES IN BLOOM AWARDED \$500.00 GRANT

Saskatchewan
Parks and Recreation
Association
*Recreation
An investment for life*

The Saskatchewan Parks and Recreation Association (SPRA) along with the Saskatchewan Lotteries Association announced "June is Recreation & Parks Month" (JRPM) and a \$500.00 grant was available to organizations if they applied prior to June 13, 2013. A stipulation for the grant was your organization must apply to become an ambassador of SPRA. Once you were granted to be an ambassador you then could complete the grant application. Completion of the initiative of your grant had to be fulfilled by June 30th, 2013.

We first completed the application to become a SPRA ambassador for our community, then applied for the grant on behalf of Ituna Communities in Bloom and the Ituna & District Regional Park for the funding. We were awarded the grant of \$500.00 and it has been used to plant new shrubs on June 28th, 2013 at the entrance of the Ituna & District Regional Park.

By being an ambassador of SPRA, and awarded the grant, we have the additional opportunity to win a piece of outdoor play equipment for the park. The suppliers for the equipment are Henderson Recreation Equipment. The winner will be notified later this summer.

Congratulations to the Ituna Communities in Bloom Committee for selection and planting of the shrubs and to the Ituna & District Regional Park committee for the continual improvements at the Regional Park.
