

ITUNA TRANSIT SERVICE

The Town of Ituna owns and operates a Transit Service that is the envy of many communities our size. The Transit Service at present consists of one 14 passenger Crestline Van, two main drivers and two spare drivers.

For the economical price of four dollars, you can be picked up at your home and taken to as many different stops around town as you need to as long as you do not return home. Once you are back at home and need transport the Transit fare of four dollars starts all over again.

The Transit Service provides transportation to groups and organizations that contract with us to provide their Transportation needs at specific times in the day. These clients will have priority. During the school year we provide transportation for children to and from school. You can also reserve a time to be picked up and we will honor that request.

Ituna Transit and its' drivers are for providing Transportation. You will need to be able to get from your home to the bus and off and into whatever business or location you are going to.

If you are having problems with mobility you will need to have a "Caregiver" ride with you, compliments of the Town of Ituna. If you are using a wheel chair you will need to have someone accompany you.

You also need to understand that if you for any reason you happen to lose your balance and fall, coming to the Van, getting off of the Van, or while on the Van, our staff will call 911. We do not know why you fell. It may have been a trip or something more serious and we would need medical advice before we assist you in getting up.

When you go grocery shopping our drivers will be able to help you carry up to four bags of groceries. However, if you plan to avail yourself of the sales opportunities presented by local Grocers you will need someone to help you carry your groceries or make arrangement with the store to deliver them.

Our drivers are not responsible to go and get your mail, or prescriptions.

To sum up our service you should be aware of the following:

1. Round trip in Town is \$4.00
2. Between 08:00 and 9:00 am and 3:00pm and 4:00pm we are servicing contractual clients and not available for public.
3. If you need to have someone travel with you, their ride is Complimentary from your home and back.
4. Your mobility aids must be in A-1 working order.

Without prejudice and respectfully submitted,

Ituna Transit Service.
